

Płynie Wisła płynie – English translation

1. The Vistula flows, it flows
Through the Polish land,
She saw Cracow
And she won't probably go by it.

2. She saw Cracow,
soon she fell in love with it.
And as proof of love
She banded it as a ribbon.

3. Although she hid
in Niepołomskie forests
She still flows into the sea.
It flows as in the past it used to.

4. Over my cradle
Mother was bending down
And she taught me
to say prayers in Polish.

5. 'Our Father', 'Hail Mary'
And 'Angelus Domini',
For I loved the Polish nation
Till my death.

6. Because this Polish nation
has a charm in itself:
Who loved it once,
won't forget it till his grave.
